Thank you for trusting Footnote Media Group to build your website. My name is Lavall you can contact me here:

Email: Lavall.chichester@footnotemediagroup.com

Phone: 347-249-1927

If you are reading this you are probably family, a friend, or a friend of a friend, so if I don't know you already then it is a pleasure to meet you. I know this because this is a private service and you probably received this link, which is not for the public:

<http://footnotemediagroup.com/affordable-website-design-just-999>

Although we love doing affordable websites, this is not the core of our business, and if not left unchecked can take up a lot of our time and keep us doing \$999 websites forever. So please don't share this link on any social websites. However, if you do have someone close to you that needs a website for their Church, personal project, career site, wedding, business or for anything send them the link. But make sure you give this gift wisely because we will only do two referrals from you. After that any website you refer will be treated as a regular project.

Ground Rules

Our goal is to get your website done as fast as possible. That is why we took the time to streamline this process and provide you with the resources to get us your content quickly. You have already paid us, so please make an effort to get us your files fast. If you have any issues like not having a domain name, hosting etc you can email me at the email address above. The folders are for the pages on your website. There is a word doc and a picture folder for each page. Please keep everything neat and organized. There is also a check list to help keep you on track so that you can get your website done quickly. The FMG team and I look forward to getting your website done, so the world can see your brilliance.

Spread Love,
Lavall
